APPROVAL OF POSTCLOSURE MAINTENANCE PLAN (PMP) FOR SITE 14  
LANDFILL FINAL COVER, DATED MARCH 2004, NAVAL BASE VENTURA COUNTY,  
PORT HUENEME, CALIFORNIA

Dear Mr. Gonzales:

The Department of Toxic Substances Control (DTSC) has reviewed the subject document. The PMP provides the Navy's requirements for and prohibitions against certain future usages on the Site 14 landfill final cover. It also contains explicit instructions for conducting and reporting on inspection, evaluation and repair of the final cover, and monitoring of groundwater.

The Navy has addressed DTSC's comments in this final document and DTSC approves the PMP as written. DTSC looks forward to working with the Navy on the remediations at Port Hueneme. If you have any question, please call Peter Chen at (714) 484-5431.

Sincerely,

Emad B. Yemut, P.E.
